Alternative Stage, GNO

The Alternative Stage is the smallest of the GNO's two stages at the SNFCC. Featuring telescopic(retractable) seating, state-of-the-art theatrical mechanisms and a spacious scene, this stage will host a more adventurous artistic program, with avant-garde performances, musicals and daring installations.

Its smart design makes it an ideal multi-purpose hall, that can accommodate all kinds of events. The shape of the Alternative stage is rectangular and is enclosed by two rows of balconies. The curved wooden veneer (American cherry tree) that covers the room wall to wall, offers unparalleled acoustics.
